Appointment of an Assistant Rationing Officer K.G.F.

Continuation Sheet. File No. / Current No. A 160 of 44 Page.

Letter no Ex. 132/C.806-43 dated the 29th Nov 1944 from the Additional Director of Food Supplies, requesting sanction for the appointment of an Assistant Rationing officer for K.G.F. as per the basic scale of staff sanctioned vide G.O. No. Ex. 1317-27/A 232-43-3 dated the 28th/29th August 1944.

1) In view of the very heavy rationing work in K.G.F. and the need for close supervision over the depots and godowns in that area and to afford some relief to the Food Rationing Authority, who is also the Special I class Magistrate there, the appointment of a whole-time officer for rationing work has been urged. The Deputy Commissioner, Kolar, has recommended the appointment of an Amildar as Assistant Rationing officer to assist the Food Rationing Authority, K.G.F. The Director of Food Supplies agrees with the Deputy Commissioner as to the need for the appointment of a whole-time executive officer to assist the Food Rationing Authority in K.G.F. but has requested

2) In G.O. x dated 28/29.8.'44 Sanction has been accorded ~~[illegible]~~ for the appointment as per basic scale of an Assistant Training Officer of the rank of a "Deputy Amildar" for each taluka (legal cant) wherein training has been ~~[illegible]~~ extended. He would be in charge of training in the town and of the Reserve depot or depots and get his grade pay as "Deputy Amildar" plus Rs 20 per cent the putation allowance plus Rs. 20/- Conveyance allowance per mensem. The minimum pay of a Deputy Amildar being Rs 100/- p.m, the emoluments he would get under the above G.O. 5) There are three Assistant Rationing officers in Bangalore city on a pay of Rs. 150/- plus Rs 30/- Conveyance + allowance p.m. and two Circle officers in Mysore city who draw the grade pay of their own Departments plus a duty allowance of Rs. 30/- p.m. These officers were under the Rationing officers, [illegible] in their respective jurisdiction. Except those who are already Amildars or Deputy Amildars, the other officers who are doing duty as "Assistant Rationing officers" or "Circle officers" in these two cities are not called or given the name and status of Amildars or Deputy Amildars.

6) As the volume of rationing transactions and the area under rationing in the K.C.F. are next only to those in the Mysore city and further as no Assistant Rationing officer has so far been sanctioned for the K.C.F. the Director's proposal

to appoint a whole time executive officer as "Assistant Rationing Officer for work under the Rationing Authority, K.G.F. may be sanctioned. As in the case of the Civil officers in Mysore city, the pay and allowances to the Assistant Rationing Officer, K.G.F. may perhaps be sanctioned :-

Pay — Grade pay of the officer selected with due department subject to a minimum pay of Rs 100/ p.m.

Allowance — Consolidated Duty allowance of Rs 30/- p.m.

Cadre.

Cost 1) It is apparent from the Rationing Authority K.G.F to the D.C Kolar dated the 24th October that the former has little spare time for attending to rationing. In fact the officer states that he has done he is at all able to do is managed by neglecting other items of work." This does not seem a satisfactory state of affairs and will certainly react on the efficiency of the rationing scheme. Matters will not be remedied by the appointment of an Assistant Rationing officer as now suggested.

2) The D.F.s may be requested to examine 1) if a full time Rationing Officer is not necessary and 2) if it is not necessary to have a full complement of rationing staff under him, and to put up proposals.

3) It has also to be noted that the Mysore Rationing Order has not yet been made

13) As regards proposal (2), the Director of Food Supplies had, in his previous proposal (Flag "N") recommended that an Assistant Rationing Officer as per basic scale sanctioned in G.O. No. SD.1317-27/A.232-43-3, dated, the 28th/29th August, 1944, may be appointed for the K.G.F. Sub: Assistant Rationing Officer to K.G.F. Rationed Area.

.....

In continuation of my letter No. CS.2087/43-44 dated 27-6 44 on the above subject, I have the honour to forward herewith a copy of letter No. R.C.256/44-45 dated 24th Oct.1944 received from the Food Rationing Authority. K.G.F. area explaining in detail, the need for a wholetime officer to assist him in Food work and to state as follows.

The Food Rationing Authority, K.G.F, has been repeatedly representing that the work under the Rationing Scheme requires the prompt and efficient direct supervision of a wholetime officer of the status of an Amildar. It is indeed very taxing for the Special Magistrate to manage the food work in K.G.F. along with other multifarious duties devolving on him.

In this connection kind reference is invited to the basic scale sanctioned by Govt. in their Order No.SD.1317-27/A.232-43-3 dated 28th/29th August '44 in connection with the introduction of Rationing in urban areas, which provides for an Assistant Rationing Officer of the status of a Deputy Amildar. In view of this, the need for a wholetime Executive Officer as proposed in my letter cited above for the K.G.F. area which has been classified along with Bangalore and Mysore City areas, is real and requires very urgent consideration.

I therefore request you to be so good as to move Government, for immediate sanction of the appointment of an Amildar as Assistant Rationing Officer to assist the Food Rationing Authority in K.G.F. area. Seperate propoeals will be made regarding the Accounts staff required for the K.G.F. unit.

The favour of early orders in the matter is requested.

D.O.Letter No.R.C.256/44-45 dated 24th October 1944 from the Food Rationing Authority,K.G.F. to the Deputy Commissioner,Kolar District.

.....

D.

In inviting your kind reference to correspondence ending with my report No.R.C.256/44-45 of the 6th instant, bringing to your kind notice inter alia, the need for the appointment of an Assistant Rationing Officer for the Kolar Gold Field area, I beg to submit that ever since the introduction of the Rationing Scheme into this area, i.e., in April 1943, the necessity for this appointment has been urged ever and anon. As reported to you personally, on the 22nd instant, I understand that there was a shortage of Rs.280/- in the remittance of the Food Section and that the official to whose custody the cash had been entrusted, it would appear, somehow made up the amount and remitted it. I am holding an enquiry and shall take suitable action to guard against such things in future and to punish those responsible for this. But supposing the amount involved was a very heavy sum, it would have given rise to serious consequences and complications. The Account Rules lay down that even officials dealing with Government property or stores of a small value should furnish security. But it would be impossible to prescribe any security for the officials of the Food Department, particularly for some of them who deal in stores or cash, as they deal with lakhs of rupees and as any amount of security would not be sufficient to guard against loss to Government in such cases. When this is impracticable, the only other course would be to provide for sufficient safeguards and to arrange for the close supervision of the work of the staff by the appointment of a responsible wholetime officer.

This is a City area next to Mysore City and this fact cannot be lost sight of any longer. There is no comparison between the establishment sanctioned for work in places like the Cities of Mysore and Bangalore and the establishment of this place. There are a number of Assistant Commissioners and Amildars who are wholetime Officers and who attend to food work in those areas. These officers have in turn under them, a number of Food Inspectors, Assistant Food Inspectors, etc., and each circle office has its own clerical establishment. But the services of even a single Assistant Rationing Officer has been denied to this area.

The work of the Court itself will be so heavy that the undersigned will be held up there from morning till evening, during which period he will not be able to attend to any other item of work In the mornings as well as in the evenings, he has to attend to judgments, inspection relating to the Sanitary Board, Income Tax, Workmen's compensation Office, tappals and other miscellaneous work. Added to all these, is the Food Rationing work which is of paramount importance. Though within the time at my disposal I have been paying as much attention as is physically possible to the Food Work neglecting other items of work. I have found it practically impossible to devote as much attention as is necessary to the Food Rationing work. As the volume of transactions and the quantity of foodgrains and other articles handled here are far heavier than in any other Taluk or Districts Head quarter town barring Bangalore City, close supervision is absolutely necessary over the work of the staff all of whom are low paid officials and most of whom are recruits, to guard against loss to Government and to run the scheme efficiently.

In conculsion I beg respectifully to submit that I have striven hard to guard against loss to Government and paid as much attention as is possible, to this work in the midst of my numerous duties. I cannot but urge again, the imperative necessity to make a wholetime officer responsible for the entire stock worth lakhs of rupees as it is not desirable to leave this heavy responsibility in the hands of petty officials drawing Rs.40 to 50 .

The ommission to appoint a wholetime officer for this area is, I may be permitted respectfully to submit, a serious defect in the existing scheme here which requires to be remedied immediately., in the interest of Government. I request that sanction may kindly be obtained for the appointment of an officer, very early.

SUPPLY SECRETARIAT

D. No. 4071

To
The Secretary to Government,
Development Department (Supplies),
Bangalore.

Sir,

Subject: The appointment of an Assistant Rationing Officer for the Kolar Gold Fields.

With reference to your letter No.SD.3478/A.160-44-3 dated 18th December 1944 calling for proposals regarding a full time Officer and with a full complement of rationing staff for Kolar Gold Fields I have the honour to state that the Special First Class Magistrate, may be constituted the Rationing and Licensing Officer, Ex-Officio, for the Kolar Gold Fields area.

2. It is however, very necessary that the Rationing Officer, Kolar Gold Fields, should have the immediate assistance of an Assistant Rationing Officer who will be a full time officer attending to the regular day-to-day work of rationing, inspection of depots etc., subject to the general control and direction of the Rationing Officer. The reasons as to why the Special First Class Magistrate cannot give that amount of time and attention as is needed for this work, without assistance of this kind has already been mentioned in my earlier reports. I therefore, request that early orders of Government may kindly be obtained for the appoiutment of an Assistant Rationing Officer for Kolar Gold Fields on the same scale of pay as in Bangalore City.

3. I may add that Kolar Gold Fields is a very important area where a large number of coolies and an equally large number of European population have to be dealt with tactfully. It is therefore suggested that the Assistant Rationing Officer should be at least on a par with those in Bangalore City.

4. As regards the full complement of rationing staff for Kolar Gold Fields, I have the honour to enclose herewith a copy of letter No. [illegible]/44 dated 20-11-44 from the Deputy Commissioner, Kolar, recommending the sanction of the following additional accounts staff for the Rationing Officer in Kolar Gold Fields:--

1) An Accountant of the Comptroller's Office on Rs.65-5-100
2) One Accountant Clerk on Rs.60/-.
3) One Accounts Clerk on Rs.40/-.

(The staff to be paid the usual Dearness Allowance and Local Allowances.)

5. The Audit and Accounts Officers, Food Supplies, who was consulted as to the necessity for the additional accounts staff recommended by the Deputy Commissioner, Kolar, considers that in view of the heavy transactions in the Kolar Gold Fields area the proposals of the Deputy Commissioner, Kolar may be approved.

6. I request that early orders of Government may kindly be obtained and communicated for the immediate appointment of an Assistant Rationing Officer and the following additional staff:--

1) One Accountant on Rs.65-5-100.)
2) One Accounts Clerk on Rs.CO.) (with usual dearness and
3) One Accounts Clerk on Rs.40.) local allowances).

I have the honour to be, Sir,
Your most obedient servant,

Addl. Director of Food Supplies.

tgss3

Letter No.C.S.1198/44-45 dated 20th November 1944 from the the Deputy Commissioner, Kolar District to the Director of Food Supplies in Mysore, Bangalore.

In inviting your kind reference to the last paragraph of my letter No.FS.1103/44/45 dated 10th instant wherein it has been stated that separate proposals would be furnished as regards the Accounts Staff required for the Kolar Gold Fields, I have the honour to state that the clerical establishment sanctioned for the office of the Food Rationing Officer of the K.G.F. area consists of only 2 officials as noted in the margin. One of them is attending to the duties of the Head Clerk and other has been assisting the former. These two clerks have to attend to the following duties.

1. Registration and disposal of papers.
2. Drafting.
3. Telephone calls
4. Preparation of the several returns prescribed.
5. Verification of all bills.
6. Safe custody of cash and cash transactions.
7. Maintenance of the following registers:--

   a) Bill register, b) ledger, c) register of periodicals. d) register of allotment. e) casn book, f) imprest register, g) invoice register. h) from register, i) to register, j) tappal book, k) register of sanctioned rates. l) register of stamps, m) register of coupons. n) register of duplicate cards. o) remittance register, etc.,
8. Attending to enquiries.
9. Writing of fresh cards (ration cards)
10. Other miscellaneous work.

As this is a heavy area which has to be classified with the Cities of Mysore and Bangalore and as the transactions are very heavy, it is not possible for two clerks to attend to both the Accounts and correspondence work of the Rationing Office as the transactions are numerous and involve lakhs of rupees. Though even the talus have been provided with accounts staff no such staff has been given to this area. Time and again the Food Rationing Authority has been urging the need for the services of a responsible Accountant of the Comptroller's Office with a few clerks to assist him, as it is not desirable to entrust such heavy responsibility to low paid officials who are already overburdened with other work and who are not conversant with Audit rules. He reports that the cash transactions during the months ending with June 1943 worked up to about Rs. Eleven Lakhs and those between July and October 1943 to Rs. Twenty Lakhs. The daily transactions work up to about Rs.3,000 in the average. For dealing in accounts relating to such heavy transactions and to maintain the accounts strictly in accordance with the codal rules and for remedying the defects in procedure then and there, it is very necessary to have a trained Accountant of the Comptroller's Office. He therefore requests that sanction may be obtained for the posting of an experienced accountant of the Comptroller's Office with three accounts clerks to assist him. I fully concur with him that this is very necessary and therefore request that sanction may kindly be obtained for the appointment of the following accounts staff immediately. This staff is all the more necessary as the K.G.F. area is treated as a separate unit and the work to be attended to here is equal if not more to the work of the remaining district. Owing to the paucity of staff, the compilation of accounts has become an impossibility ever since the commencement of rationing work in this area.

1. Accountant of the Comptroller's Office on the usual grade of pay (Rs.65/5/100).
2. One Accounts Clerk on Rs.60/-.
3. One Accounts Clerk on Rs.40/-.

When the correspondence and other miscellaneous work are by themselves very heavy for the two clerks now working there, it is not possible to expect them to scrutinise the bills, etc., properly, and to see to the punctual preparation of the returns and the maintenance of the prescribed registers. In the interests of work, it is desirable to the preparation and compilation of of accounts and periodicals to the staff proposed above.

The following items of work will be entrusted to this staff.--

1. Accountant.--

i, General supervision of the accounts work of the clerks.
ii, Audit of the accounts of the depots, bills, cash transactions, etc.,
iii, To see to the punctual preparation of returns and the maintenance of the registers prescribed.
iv, Compilation of the cash accounts, etc.,

In short he will be the Manager of the Office.

2. Accounts Clerks.

They will assist the Accountant in accounts work and auditing and will maintain the registers prescribed viz.,

i) Consolidated register of stock.
ii, Bill register.
iii, Cash book.
iv, Remittance register.
v, Issue of receipts for cash received.
vi, Issue of bills.
vii, Register of periodicals.
viii, Preparation of periodicals.
ix, Verification of the registers maintained by the stall-keepers.
x, Verification of the Depot accounts.
xi, Watching the recovery of the dues and
xii, Other miscellaneous work.
